Certified Government Finance Officers (CGFO) Program Guidelines

Adopted November 6, 2019

Certified Government Finance Officers (CGFO) Program Guidelines

Governance. The Certified Government Finance Officer program is sponsored by the Government Finance Officers Association of Texas (GFOAT), an Affiliate of the Texas Municipal League. GFOAT is a professional organization with more than 1000 members that operates under its own By-Laws and is governed by a Board elected by its members. The policies of the Board are carried out by Board Liaisons, a number of committees and designated CGFO Administrator. The CGFO Committee is charged with overseeing and administering the CGFO program. The CGFO Committee advises the GFOAT Board and recommends changes to certain guidelines and operating procedures to be approved by the Board. This document, referred to as the General Guidelines, is meant to establish a written representation of the philosophy and policy of the CGFO Committee, and by extension, the GFOAT Board. However, it is not meant to cover every feasible instance of operating procedures and, as such, the CGFO Administrator and the CGFO Committee are granted a reasonable amount of latitude to make decisions that in the judgment of the CGFO Administrator, and the CGFO Committee Co-Chairs, are in keeping with the spirit of these General Guidelines.

Description. The CGFO program is designed to establish a threshold of knowledge about a broad array of government finance topics and terminology. It does take experience into consideration and recognizes that a combination of knowledge and experience can set apart those persons in the profession who desire to demonstrate a level of competency. This threshold is measured by a point system that gives credit for academic education, experience, professional leadership and successful passage of examinations on a variety of governmental finance topics. The number of exams that must be taken and passed is dependent on the credits given for academic achievement and experience. Upon being awarded the CGFO credential, recipients must continue their professional education in order to sustain their certification each year.

Nomenclature. The proper reference to this credential is *Certified Government Finance Officer*. While this program has a number of specific aspects tied to Texas law, the credential is much broader. This program has been used by a number of state government finance officer credentialing programs with few changes, mainly those portions relating to Texas law. The phrase *Certified Government Finance Officer* refers to not only those persons initially qualifying for the credential but those persons considered Active and in good standing, having met their continuing education requirements and paid their annual dues. Those persons initially qualifying for the CGFO status but not sustaining their continuing education requirements or paying their annual dues are not considered Certified Government Finance Officers and should not reflect the title or abbreviations as part of their professional name. A list of active CGFOs can be obtained on the Web site provided by the Government Finance Officers Association of

Texas.
